

High Speed Burnisher with Dust Control

Superior gloss performance with high speed dust control.

Use this burnisher once and you'll know what everyone's talking about. The flexible dust skirt provides excellent dust control. In fact, there's no need to dust mop after using.

Easy to use

Reduce training time with easy-to-use controls such as the Insta-Adjust™ handle, which allows operator's to adjust the handle instantly while burnishing.

Transporting and storage of the unit is convenient with the Insta-Adjust™ handle, which folds forward when not in use.

Rugged and quiet

Durable polyethylene construction, low vibration and a 66 dBA sound level ensures a high quality burnisher.

Key Benefits

- Consistent results on uneven floors with the patented free-floating head
- Excellent gloss results with powerful 2,000 rpm "on the floor" pad rotation
- Variable pad pressure from 7-20 kg for ultimate finish performance
